be furnished shortly

From both the returns it is noticed that some of the publns have very nearly run out of stock. Before deciding which of these are to be reprinted, it appears desirable to ascertain how many of these are in stock at the Book Depot. The D.G. of Edn may be asked to get from the Depot a st. in regard to Arch. Publns besides what he has himself promised. Dft put up accordingly.

(2) It may further be noticed that the Arch. Officer presented 16 copies of the Curator, Oriental Lib. Nr copies in accordance, it is said, with the list of maintained in their respective Offices. Considering that no books were newly published during the year it is not easy to understand where it was necessary to make any presentations to people already in the list.

(3) Please call for and ask this to be explained.

ITEM No. 9

No. 111

Mysore Archaeological Office,
Bangalore, 16th January 1912.

From

R. Narasimhachar, Esquire, M.A.,
Officer in charge of Archaeological Researches
in Mysore,

To

L. S. Balasundaram Iyer, Esquire, B.A.,
Offg. Secretary to the Govt. of His Highness
the Maharaja of Mysore,
General and Revenue Department.
Bangalore.

Sir,

With reference to para 4 of Govt. Proceedings No. G 3665-6/G. M. 90-11-8 dated the 11th instant, I have the honor to state that of the volumes of the Epigraphia Carnatica, the Śravaṇa Belgola volume has run out of stock and a revised edition of the work is now in the Press. With regard to the Coorg volume, which has almost run out of stock, we need take no concern as Mr. Rice is bringing out in England a revised edition with the support of the Residency. The only volume that has nearly run out of stock (only 18 copies being left) is Volume I of the Mysore District. This being one of the earliest publications of the Department, there are naturally many errors of omission and commission in it which have

to be rectified before issuing a new edition. Arrangements are being made for a thorough re-survey of the Taluks comprised in the volume and as soon as it is completed, a revised edition will be carried through the Press. As necessity arises, the other volumes will also have to be dealt with similarly.

I have the honor to be,

Sir,

your most obedient servant,

L. Narasimhachar

Officer in charge of Archl. Researches

in Mysore.

SECTION 2 (a)
FILE No. 90 of 11
SERIAL No. 11

From
M. Shama Rao, Esq., M.A.,
Offg: *Inspector-General of Education in Mysore.*

To
K.R. Srinivasiengar, Esq., M.A.,
Offg: Secretary to the Government of His Highness
the Maharaja of Mysore, General & Revenue Departments.

SIR,

As called for in para 4 of Government Order No.G.3665-6/G.M. 90-11-8 dated 11th January 1912, I have the honour to enclose herein a statement of the publications of the Oriental Library at Mysore shewing in regard to each of such publications the number of copies brought out, the number disposed of up to date by presentations and sale, and the number left over. It will be noticed that in regard to some the number of copies left are very few and in regard to others extending over more than one volume the number of copies left vary. These variations are presumably due to lapses in the supply either owing to discontinuance of supply by death &c., of the recipient or to a very limited extent, by the purchases of odd copies. In any case the best course to adopt would be to order printing of the works marked out in thousands or five hundreds as the case may be. These newly printed volumes may be stocked in the Book Depot and distributed by the Curator, Book Depot under orders, or sold, only in sets.

2. The odd volumes and copies left out of the older edition should be transferred to the Curator, Oriental Library, against requests for sale or presentation of part works; the presentation being made only to genuine recipients who can prove that they did not receive the particular volume on publication.

(23)

3. The edition is generally for 500 copies only except in the few cases of popular works much in demand, as printing a smaller number is likely to be a loss, the expense of composing being the same for a larger or a ~~xxxxxxxxxxxx~~ smaller number.

4. The redistribution suggested between the Curators is to bring the accounts of these publications into shape and make one office responsible rather than the two in the ill-defined way that it has hitherto been.

5. On receipt of orders arrangements will be made to print the works in the order of importance and have the copies stocked in the Depot.

I have the honour to be,

Sir,

Your most obedient servant,

W. S. Bourne Ro

Offg: Inspector General.
